Welcome/Introductions

- Results from GSG question search:
 - Mostly financial issues (as found in Q&A session with grad students and President Miller and Interim Provost Urgo)
- What should our agenda be for the remainder of the semester?
 - Original goal: continue assessment and recommendations for ITL HIT Series
- Daily digest may be too frequent (?)
- Collect information about the needs of the graduate student body
- ID pertinent items from Tiger Team report
 - This is being looked at by a number of committees
 - Possible redundancies
- Our undergraduate representatives have had poor attendance; the SES would like additional feedback from UG students
- Should we create a time for a standing meeting?
 - Fridays?
 - Next meeting: Friday March 13th at 1:00 PM
- GSG survey: have results by April meeting
- Any pressing issues to bring up to UC?
 - Revisit what we have discussed from the Tiger Team Report
 - Lack of actionable items in TTR
 - November minutes contain items which were discussed from TTR
 - Attendance policy is prevalent issue
 - Bring in panel (including students) to discuss attendance
 - As in why would they attend/not attend class?

Meeting adjourned at 11:39 AM
